PLACEMENT IN SSC STATISTICS COURSES

The College of Natural Sciences requires that all students seeking to enroll in an entry-level math or statistics course take the ALEKS Math Placement Exam. The minimum ALEKS scores required to enroll in entry-level SSC courses are listed below.

• SSC 302 Data Analysis for the Health Sciences: Prerequisite ALEKS score of 30
• SSC 303 Statistics in Experimental Research: Prerequisite ALEKS score of 30
• SSC 304 Statistics in Health: Prerequisite ALEKS score of 30
• SSC 305 Statistics in Policy Design: Prerequisite ALEKS score of 30
• SSC 306 Statistics in Market Analysis: Prerequisite ALEKS score of 30

For information on the ALEKS Test, visit the CNS website: http://cns.utexas.edu/academics/placement/math-assessment
